## INDEPENDENT AUDITORS' REPORT

The Board of Directors  
Lighthouse Academies of Indiana, Inc.

We have audited the accompanying statements of financial position of **Monument Lighthouse Charter School** (an operating component of Lighthouse Academies of Indiana, Inc., a not-for-profit corporation) as of June 30, 2012 and 2011 and the related statements of activities and cash flows for the years then ended. These financial statements are the responsibility of the management of Lighthouse Academies of Indiana, Inc. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Monument Lighthouse Charter School as of June 30, 2012 and 2011, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 29, 2012 on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audits.

Our audits were performed for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

## Notes to Financial Statements

June 30, 2012 and 2011

### (1) Summary of Significant Accounting Policies

#### General

Monument Lighthouse Charter School (the "School") is a public charter school established under Indiana Code 20-24-3-1 and sponsored by the Mayor's Office of the City of Indianapolis. The sponsor has granted a charter to the School's organizer, Lighthouse Academies of Indiana, Inc. ("LAI"), a public benefit not-for-profit organization incorporated under the laws of the State of Indiana. LAI is the organizer and governing body of five charter schools located in Indiana. LAI has entered into a service agreement with Lighthouse Academies, Inc., a not-for-profit organization incorporated in the State of Delaware, to provide educational, managerial, legal, and financial services to the School.

#### Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

#### Accounts Receivable

Accounts receivable relate primarily to activities funded under federal grants and legislation enacted by the State of Indiana. The School believes that it is operating in compliance with regulatory requirements and as such no allowance for doubtful accounts is deemed necessary.

#### Subsequent Events

The School evaluated subsequent events through October 29, 2012, the date these financial statements were available to be issued. Events occurring through that date have been evaluated to determine whether a change in the financial statements or related disclosures would be required.

Notes to Financial Statements

(1) Summary of Significant Accounting Policies, Continued

Revenue Recognition

Revenues primarily come from resources provided under the Indiana Charter Schools Act. Under the Act, the School receives an amount per student in relation to the funding received by public schools in the same geographic area. Funding from the State of Indiana is based on enrollment, and is paid in equal monthly installments in January through December following the start of the school year. Revenue is recognized in the school year in which educational services are rendered.

A portion of the School's revenue is the product of cost reimbursement grants. Accordingly, the School recognizes revenue under these grants in the amount of costs and expenses at the time they are incurred.

Property and Equipment

Purchases of these assets and expenditures that materially increase value or extend useful lives are capitalized and are included in the accounts at cost. Routine maintenance and repairs, minor replacement costs, and equipment purchases with a unit cost of less than \$5,000 are charged to expense as incurred.

Depreciation is provided over the estimated useful lives of the respective assets using the straight-line method. The estimated useful lives generally are as follows:

Leasehold improvements.....	9 years
Furniture and equipment .....	5 years

Taxes on Income

Lighthouse Academies of Indiana, Inc. has received a determination from the U.S. Treasury Department stating that it qualifies under the provisions of Section 501(c)(3) of the Internal Revenue Code as a tax-exempt organization; however, the organization would be subject to tax on income unrelated to its tax-exempt purpose. For the years ended June 30, 2012 and 2011, no accounting for federal and state income taxes was required to be included in the accompanying financial statements.

MONUMENT LIGHTHOUSE CHARTER SCHOOL

Notes to Financial Statements

(1) Summary of Significant Accounting Policies, Continued

Taxes on Income, Continued

Professional standards require Lighthouse Academies of Indiana, Inc. to recognize a tax liability only if it is more likely than not the tax position would be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount of tax liability that is greater than 50% likely of being realized on examination. For tax positions not meeting the more-likely-than-not test, no tax liability is recorded. Lighthouse Academies of Indiana, Inc. has examined this issue and has determined that there are no material contingent tax liabilities or questionable tax positions. The tax years ending 2011, 2010, and 2009 are open to audit for both federal and state purposes.

(2) Accounts Receivable

Accounts receivable for state education support as of June 30, 2012 and 2011 represent amounts due from the State of Indiana relating to the following sources:

	<u>2012</u>	<u>2011</u>
Tuition support .....	\$1,990,177	1,871,476
Special education grant .....	<u>69,795</u>	<u>72,370</u>
	<u>\$2,059,972</u>	<u>1,943,846</u>

Tuition support is determined by state law and is dependent upon the geographic location of the school and is indexed to the poverty data of the enrolled students. The payment schedule is likewise determined by state law, with tuition payable in equal monthly installments in the calendar year following the start of school. Upon revocation or termination of the charter, the payment streams will cease and any unpaid amounts will be applied to the unpaid balance of notes from the Indiana Common School Fund (see Note 3).

MONUMENT LIGHTHOUSE CHARTER SCHOOL

Notes to Financial Statements

(3) Long-Term Debt

Long-term debt at June 30, 2012 and 2011 was comprised of:

	<u>2012</u>	<u>2011</u>
Notes payable to Indiana Common School Fund.....	\$2,126,329	2,126,329
Note payable to Lighthouse Academies, Inc. ....	<u>156,750</u>	<u>230,000</u>
	2,283,079	2,356,329
Less current maturities .....	<u>(76,615)</u>	<u>-</u>
	<u>\$2,206,464</u>	<u>2,356,329</u>

The notes payable to the Indiana Common School Fund are comprised of three notes, each of which requires semi-annual payments of principal and interest over a period of 20 years with interest at 4% per annum. In 2011, the Indiana Common School Fund granted a second moratorium on loan payments. Payments are scheduled to commence again on July 1, 2013. The last note matures January 1, 2033. These notes are secured by unpaid tuition support distributions (see Note 2).

The note payable to Lighthouse Academies, Inc. is a term loan with an original principal amount of \$230,000. The loan is payable in equal monthly installments of \$6,842, including interest at 4.5% per annum, through June 30, 2014 and is secured by personal property.

Future maturities of long-term debt are as follows:

<u>Year Ended June 30:</u>	
2013 .....	\$ 76,615
2014 .....	187,925
2015 .....	107,790
2016 .....	107,790

Thereafter .....	<u>1,695,169</u>
	<u>\$2,283,079</u>

MONUMENT LIGHTHOUSE CHARTER SCHOOL

Notes to Financial Statements

(4) Leases

The School executed a ten-year lease on a building used as its school facility under an operating lease agreement with Monument Lighthouse Facility, LLC. Monument Lighthouse Facility, LLC is indirectly owned by Lighthouse Academies, Inc., which provides management services to the School. The lease, which commenced February 10, 2009 and replaced an existing lease, provides for monthly rental payments equal to the debt service on a note payable executed by the lessor to purchase the building. The School is responsible for repairs, maintenance, and utilities. The School was allowed certain rent concessions under the previous lease and has, therefore, recorded a deferred credit to reflect the excess of rent expense over cash payments since the inception of the lease.

The School leases textbooks, furniture and equipment from Lighthouse Academies, Inc. and Charter Schools Development Corporation. These leases are accounted for as operating leases, and expire in November 2012. In 2012, the School executed a lease agreement with Somerset Capital Group, Ltd. covering certain items of equipment. This lease requires monthly rent payments through July 2015.

Total lease expense for the years ended June 30, 2012 and 2011 was \$616,015 and \$687,615, respectively. A schedule of minimum lease obligations as of June 30, 2012 follows:

<u>Year Ended June 30:</u>	
2013 .....	\$ 637,052
2014 .....	592,154
2015 .....	592,154
2016 .....	577,346
2017 .....	576,000
Thereafter .....	960,000

(5) Refundable Advances

The School has been awarded grants from the Indiana Department of Education to provide educational instruction. The grants are considered to be exchange transactions. Accordingly, revenue is recognized when earned and expenses are recognized as incurred. At June 30, 2012 and 2011, the School had refundable grant advances in excess of expenditures of \$16,247 and \$8,219, respectively.

### Notes to Financial Statements

#### (6) Commitments

Lighthouse Academies of Indiana, Inc. ("LAI") has contracted with Lighthouse Academies, Inc. to provide management, administrative, and educational programming services for each of its schools. Under the terms of the agreement, LAI has agreed to pay an amount equal to 7.5% of revenues, as defined, for such services. Payments under this agreement were \$396,023 and \$368,730 for the years ended June 30, 2012 and 2011, respectively. This agreement remains in effect for the period of the School's charter, and is subject to automatic renewal at such time as the School's charter is renewed. The School's charter expires on June 30, 2014.

#### (7) Retirement Plan

Effective August 1, 2010, all School personnel became employees of Lighthouse Academies, Inc., which provides management services to the School. At that time, School personnel became eligible to participate in the Lighthouse Academies, Inc. Section 401(k) retirement plan. Under the plan, the School matches 100% of employee contributions not to exceed 4% of compensation for the plan year. Additional contributions may be made to the plan at the discretion of the LAI board of directors. No discretionary contributions were made in 2012 and 2011. Retirement plan expense for the years ended June 30, 2012 and 2011 was \$22,023 and \$15,541, respectively.

#### (8) Accounting Correction

In 2012, the School discovered that it had not been recording a liability for employee compensated absences. The School has corrected this error in accounting by restating previously issued financial statements. Net assets as of July 1, 2010 have been reduced by \$26,814 to reflect this correction. In addition, the excess of revenue over expense for the year ended June 30, 2011 has been reduced by \$6,352 to reflect the effect of the correction.

## MONUMENT LIGHTHOUSE CHARTER SCHOOL

### Notes to Financial Statements

#### (9) Risks and Uncertainties

The School provides education services to families residing in Marion and surrounding counties in Indiana, and is subject to the risks of economic and competitive forces at work within this geographic area.

The majority of revenues relate to legislation enacted by the State of Indiana and grants awarded under federal programs. Changes in state or federal legislation could significantly affect the School. Additionally, the School is subject to monitoring and audit by state and federal agencies. Those examinations may result in additional liability to be imposed on the School.

Financial instruments that potentially subject the School to concentrations of credit risk consist principally of receivables from the State of Indiana. At June 30, 2012, substantially all of the accounts receivable balance was due from the State of Indiana.

MONUMENT LIGHTHOUSE CHARTER SCHOOL

Notes to the Schedule of Expenditures of Federal Awards

Years Ended June 30, 2012 and 2011

(1) Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of Monument Lighthouse Charter School ("the School") under programs of the federal government for the years ended June 30, 2012 and 2011. The information in this schedule is presented in accordance with the requirements of the Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Because the Schedule presents only a selected portion of the operations of the School, it is not intended to and does not present the financial position, changes in net assets or cash flows of the School.

(2) Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-122, *Cost Principles for Non-Profit Organizations*, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
*GOVERNMENT AUDITING STANDARDS*

The Board of Directors  
Lighthouse Academies of Indiana, Inc.

We have audited the financial statements of **Monument Lighthouse Charter School** ("the School") as of and for the years ended June 30, 2012 and 2011 and have issued our report thereon dated October 29, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the School's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the financial statements of the School are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended for the information of the Board of Directors, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS  
THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR  
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE  
IN ACCORDANCE WITH OMB CIRCULAR A-133

The Board of Directors  
Lighthouse Academies of Indiana, Inc.

Compliance

We have audited the compliance of **Monument Lighthouse Charter School** ("the School") with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the School's major federal programs for the years ended June 30, 2012 and 2011. The School's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the School's management. Our responsibility is to express an opinion on the School's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the School's compliance with those requirements.

In our opinion, the School complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2012.

## Internal Control Over Compliance

The management of the School is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the School's internal control over compliance with requirements that could have a direct and material effect on a major federal program to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Board of Directors, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
