1:00 Programming Break Out Session

- easyC based
- Competition Template walk through
- Introduction to RC Programming
- Introduction to Autonomous Programming

3:30-4:00 Dismiss (VisualEdge representatives available for additional questions)

This agenda is focused around solving any issues that the Marion County VEX teams are facing. This schedule is very open ended and expected to change due to the issues that the teams are facing. We will be having two programming break out sessions that will cover programming basics. The field will be open during the 9:00-4PM time frame.
