---	---

It has been a wonderful start to the school year. The students and teachers have really bought into the theme of structure and academic success this year. The smooth start to the school year is a credit to the students, teachers and parents who want our children to achieve at the highest rate possible. We will have a full array of athletic teams, clubs, and student government opportunities for our students. We could not be more pleased with the progress and the opportunities for improved student performance.
